RAHUL YELLEBOINWAD

JAVA FULL STACK DEVELOPER | SPRING BOOT | REST APIS

+91 9158110619 rahulyelleboinwad@gmail.com www.linkedin.com/in/rahulyelleboinwad https://github.com/itsrahuly/

Summary

Certified Java Full Stack Developer with hands-on experience in **Spring Boot, Hibernate, JSP, Servlets, and MySQL**. Strong in building RESTful web applications, applying **MVC architecture, OOP principles, and writing secure,** scalable backend systems. Skilled in frontend technologies **(HTML, CSS, JavaScript, Bootstrap)** and tools like **Git, GitHub, and Postman**. Passionate about delivering high-performance applications and continuously learning modern technologies.

Education

Master in Computer Application **(2025- Pursuing)**

- Jay Bharat College of MCA , DAPKA Nilanga
- Pursuing

Bachelor of Computer Application **(2022- 2025)**

- Dayanand College Of Commerce, Latur
- CGPA: 8.53 / 10

TECHNICAL SKILLS

- **Backend Technologies:** Spring Boot, Hibernate, JSP, Servlets, JDBC
- **Frontend Technologies:** Angular,HTML, CSS, JavaScript, Bootstrap
- **Database:** MySQL, PL/SQL
- **Programming Languages:** Java, PHP,C,C++,C#
- **Tools & Platforms:** Git, GitHub, Postman, Eclipse, VS Code
- **Concepts & Methodologies:** OOP, MVC Architecture, SDLC, REST APIs

SOFT SKILLS

- Problem Solving
- Critical Thinking
- Teamwork
- Emotional Intelligence
- Leadership
- Quick Learner
- Time Management
- Project Management

INTERNSHIP

NexaNova Pro Tech

Application Intern **4 Months**

- Developed backend modules using Core Java, Spring Boot, and MVC architecture.
- Integrated MySQL database with application logic using JDBC.
- Built and tested RESTful services and application features.

PROJECTS

Online Shopping Website (Java, Java EE, JSP, Servlets, MySQL)

- Developed a secure e-commerce web application with user registration, login, product listing, cart, and order management.
- Implemented backend logic using Java, Java EE, JSP, and Servlets following MVC architecture.
- Integrated MySQL database using JDBC for product, user, and order data.
- Designed responsive UI using HTML, CSS, JavaScript, and Bootstrap.

Blog Management System (PHP, MySQL, HTML, CSS, JavaScript)

- Created a dynamic blog platform with admin and user dashboards, authentication, and CRUD operations.
- Developed responsive UI using Bootstrap and optimized database queries for faster performance.

Organic Fruits & Vegetables E-Commerce Website (PrestaShop)

- Built an online store with product categories, payment gateway integration, and order tracking.
- Applied SEO optimization and responsive theme customization to improve customer reach and sales.

ACHIEVEMENTS

- Secured 3rd Rank in an Inter-College Hackathon, demonstrating strong problem-solving, coding, and teamwork skills.
- Actively participated in coding and technical events, improving practical development skills.

CERTIFICATIONS

- Certified Java Full Stack – FirstBit Solutions, Pune
- Java Programming – IIT Madras (SWAYAM)
